

**DAV PUBLIC SCHOOL, POKHARIPUT, BHUBANESWAR**  
**ANNUAL REPORT -2018-19**

Valued Parents and dear stakeholders of the School

It is a profound honour for me in presenting the Annual Report – 2018-19 to appraise you all a glimpse of our progress and accomplishments in this session.

DAV Public School Pokhariput Bhubaneswar is one of the the shining sparks of DAV Movement founded by Vedic exponents of Arya Samaj to uphold the lofty ideals of Renaissance Saint Swami Dayananda Saraswati to liberalize Indian cultural values and integrate Scientific temper to create a transformational educational setup on a global scale. With the same zest and zeal, our school has undergone a complete metamorphosis within 27 years from its modest birth in 1992. Today, the campus of DAV Public School, Pokhariput has been a heart of student activities in a highly secured and hygienic ambience with a 2600 strong student community hailing from all over the state. It's a boundless joy to mention that with the timely guidance and involvement of our Regional officer and the Chairman of the school managing committee and good wishes of all stakeholders we have annexed a sprawling 2 acres of land to our existing 3-acre campus dreaming to extend more and advanced sporting facilities for our dear children.

Education is a shared commitment between dedicated teachers, motivated students and enthusiastic parents. We are deeply grateful to our parent community for their unstinted support and constructive relationship with the school to muster its courage to be one of the leading educational establishments of the nation.
